

Arizona SKYWARN® Sector 1

General Information Net

Net Preamble

Good Evening, This is <Name>, <Callsign> for the Arizona Skywarn General Information Net for Sector 1, which includes Southeastern Pinal County, and all of Pima, Santa Cruz, Cochise, Graham and Greenlee Counties.

<break>

Is there any Emergency Traffic?

<break, pause>

"If you have an emergency, come with a double break at any time and the frequency will be yours.

Skywarn is a public service organization of Hams working with the National Weather Service, providing timely notification of threatening or severe weather or damage due to weather. Skywarn is sponsored by the American Radio Relay League (ARRL), and the National Weather Service."

"This General Information Net meets every third Wednesday during non-monsoon season and every Wednesday during Monsoon season, June 15th - September 30th, at 19:30 hrs. MST (Mountain Standard Time), or 02:30 hrs. Zulu on the Eastern Arizona Amateur Radio Society Repeater System.

"This is a Directed Net and all members are requested to stay on frequency until the Net is complete."

<break>

Net Announcement

<List any announcements>

"Do any Skywarn members have any announcements of interest to the net?"

<OPNOTE: Confirm all check ins by name and spotter number and if they have any weather related information for the net >

"We will now do roll call. Please respond with your call sign, spotter number and indicate if you have any weather related traffic for the net"

Additional Check-Ins

"Is there anyone monitoring at the National Weather Service office - WX7TWC? Come now"

<This is very rare, but we should give them an opportunity to check in as they will occasionally monitor the net. If they check in please give them the opportunity to address any traffic they may have for the net.>

"Are there any late member check ins, or check ins for Skywarn members outside of Sector 1?"

<Late members, Skywarn members out of sector>

"Are there any visitors to the net"

Closing:

Thanks to all for checking in and participating in the Skywarn General Information Net for Sector 1. Don't forget to visit us online at www.skywarnaz.org, like us on Facebook skywarnaz or follow us on twitter I would also like to thank the Eastern Arizona Amateur Radio Society for letting us use their repeaters. Remember, Skywarn may be activated at any time that conditions warrant. This Net is closed at *<time >*.

This is *<Name>*, *<Call sign>*, now returning this repeater system back to normal use, 73.
